Any provision of the Purchaser's purchase order, offer, acceptance or other document or requirement of Purchaser which forms a part of the Contract and is in conflict or inconsistent with these Terms or which imposes on Contractor liabilities that are additional to or different from those set forth in the Terms shall not apply to the Contract and is of no force or effect. Purchaser's terms of purchase, if any, shall not apply to the Contract and are of no force or effect.

These Terms shall prevail over any inconsistent or conflicting provision of the Contract (including Contractor's Offer), except only where (i) the Contractor has by way of its Contractor's Offer or a duly signed document expressly amended a provision of these Terms and has referenced the specific provision of these Terms being amended or (ii) these Terms expressly provide for an option to deviate from the respective provision in Contractor's Offer or, as the case may be, in the Contract.

1. Scope of Supply:

- 1.1 Contractor's works shall be limited to the Scope of Supply. The Purchaser shall be responsible for the Purchaser Scope.
- 1.2 Where the Scope of Supply is required to interface with other equipment of Purchaser or the Purchaser's other contractors, Purchaser shall be responsible for such interface, including its dimensions and compatibility.

2. Change Orders / Contract Execution / Documents:

- 2.1 Purchaser may propose Change Requests. In case of a Change Request, Contractor will notify Purchaser of how the proposed Change Request can be carried out and which modifications to the Contract (including Contract Price, schedules, etc.) are required. If Purchaser wishes to proceed with a proposed Change Request, the Parties will agree to a Change Order. Contractor shall have no obligation to carry out any Change Request until a written Change Order has been signed by both parties; however, if Purchaser requests that Contractor proceeds with the Change Request (without a written Change Order) and Contractor, in its sole and absolute discretion, does so, Contractor shall be entitled to reimbursement of its resulting Costs and to an extension of time for any resulting delay. Contractor may request Change Requests to be executed at its expense; such Change Requests will be granted by Purchaser absent material reasons.
- 2.2 Pre-delivery inspections and tests, if any, shall be stipulated in and limited to those set out in the Contract. Any pre-delivery inspections and/or tests not provided for in the Contract shall be subject to the change order procedure in Clause 2.1. If not stated otherwise, such pre-delivery inspections and tests shall be performed in accordance with Contractor's standard inspection procedures.
- 2.3 Where Contractor issues documents for approval, these must be approved (with comments, if any) and returned to Contractor without undue delay but in any event no later than seven (7) days after their respective submittal; otherwise such documents will be deemed approved. Purchaser may refrain from giving its approval only if and to the extent it can show that the document in question is contrary to the requirements of the Contract.
- 2.4 The Contractor reserves the right to substitute items of the Scope of Supply provided that any such substitution shall be with an item of equal or better standard. Contractor may execute the Contract pursuant to its own plans, procedures, and working methods, except to the extent they conflict with any express provision of the Contract.
- 2.5 Purchaser shall ensure that each delivery and other activity of the Purchaser Scope is commenced, performed and completed in a timely and sufficient manner so the Contractor is able to commence, perform and complete its Scope of Supply (including Site Services) in accordance with the Schedule and without delay, disruption, hindrance or obstruction of any kind.

3. Site Services:

- 3.1 If Site Services are included in the Scope of Supply, Purchaser shall ensure that Contractor has safe and appropriate access to the Site at all times required by Contractor. Where the Contract provides for Acceptance Tests, Annex A shall apply.
- 3.2 In case the Scope of Supply is to be installed by Contractor or under its supervision within any building or other civil works not provided by the Contractor, the civil works (including the ceilings, walls, floors and related penetrations) shall be ready by such time and in such condition as may be required by the Contract and/or the Contractor in writing. Any failure by Purchaser to perform this obligation will entitle Contractor to suspend its Site Services upon written notification thereof, stating which civil works are delaying, disrupting, hindering or obstructing Contractor's works and/or Site Service.
- 3.3 For the purpose of the Contractor carrying out the Site Services, the Purchaser shall be responsible for providing all of the following:

Purchaser shall be solely responsible for any failure of such persons or contractors to strictly comply with the instructions and requirements of Contractor. Purchaser shall indemnify, defend and hold Contractor harmless from any resulting claims and liability for loss or damage to any property or for personal injury or death in any way arising out of the acts or omissions of any such persons and contractors, save in each case to the extent directly caused by the negligence of Contractor.
- 3.5 In the event Contractor through no fault of its own is unable to obtain, either at all or within the time required for keeping the Schedule, any required visa or work permit for the personnel to travel to the Site or to carry out the Site Services, the provisions of Clause 6.6 shall apply.

4. Payment:

- 4.1 Unless otherwise expressly stated in the Contractor's Offer or Contract, payment of the Contract Price by the Purchaser shall be as follows:

Thirty (30) % advance payment upon effectiveness of the Contract, thirty (30) % upon readiness for shipment and before shipment of the Goods, thirty (30) % upon commissioning of the Goods but in any event not later than four (4) weeks from readiness for shipment and ten (10) % upon successful Acceptance Test or six (6) weeks from date of readiness for shipment of the Goods, whichever date happens first.
- 4.2 All payments are to be made by electronic transfer, net cash without any deduction, in EURO unless a different currency is stated in the Contractor's Offer and within fourteen (14) days of the date of Contractor's applicable invoice.
- 4.3 Payment shall not be deemed effected until irrevocably available funds have been received in full by Contractor in its nominated bank account.
- 4.4 Purchaser shall notify Contractor in writing of any objection to the validity of any invoice within five (5) days of receipt, absent which the invoice shall be deemed valid and payable.
- 4.5 Purchaser shall have no right of set-off or right to make any form of withholding or retention against any payment of the Contract Price.
- 4.6 The Contractor shall have no obligation to commence any Scope of Supply until the first instalment of the Contract Price has been received by the Contractor according to Clause 4.3.

- 4.7 If any payment is not received by the applicable date for payment, Contractor shall be entitled to interest thereon at one (1) % per month and pro rata for any part thereof, without formal demand being made. In addition and upon seven (7) days' written notice to that effect, Contractor may suspend all or part of its performance under the Contract until the payment and any due interest is received in full.
- 4.8 In the event of any delay in the commencement of the Scope of Supply for reasons attributable in whole or in part to Purchaser and/or any suspension by Contractor pursuant to Clause 4.7 or other provision of these Terms, Clause 6.6 shall apply. If any payment has still not been received in full by Contractor twenty-one (21) days after the applicable due date, then, irrespective of whether or not Contractor has commenced any portion of the Scope of Supply and/or suspended its works, Contractor shall be entitled by written notice with immediate effect to terminate the Contract pursuant to Clause 10.3.
- 4.9 Where the achievement by the Contractor of a certain milestone or activity that is necessary for the Contractor to become entitled to all or a portion of the Contract Price is delayed by the Purchaser or third persons for whom the Purchaser is responsible, then without prejudice to any other right or remedy which the Contractor may have, the Contractor shall for payment entitlement purposes be deemed to have achieved the milestone or activity by latest fourteen (14) days after the date on which it would have been achieved had there been no delay.
- 4.10 The due date for payment of sums payable to the Contractor under the Contract other than the Contract Price shall be fourteen (14) days after receipt by the Purchaser of the applicable Contractor's invoice and the foregoing provisions of this Clause 4 shall equally apply to such sums.
- 4.11 Should Contractor learn about circumstances – having occurred after submission of the Contractor's Offer and/or effectiveness of Contract, or existing previously but without Contractor's knowledge – which may jeopardize Contractor's payment titles, including but not limited to, a material adverse change of Purchaser's financial situation – then Contractor may request Purchaser to provide sufficient securities or to insist on partial or full upfront payments. Alternatively, in such cases, and in addition to Clause 4.8. of these Terms, Contractor may insist to consider the entire Contract Price (and any other sum that may be at stake) as immediately due and to insist on full payment within an appropriate period, together with an announcement, at Contractor's sole discretion, of contract withdrawal and/or damage claims, or, again at Contractor's sole discretion, to request Purchaser to immediately pay a conventional fine of ten per cent (10 %) of the entire Contract Price, irrespective of Purchaser's negligence.
5. **Taxes:**
- 5.1 The Contract Price and any other amounts to be paid to Contractor are exclusive of, and Purchaser shall be responsible for, all duties, taxes (including value added, sales, use, business, excise or withholding taxes), assessments or charges of any kind, except to the extent any taxes or other charges that are assessed on the profits of Contractor or which under the applicable Incoterm relating to delivery of the Scope of Supply are payable by the Contractor.
- 5.2 If any duties, taxes, assessments or charges are imposed on Contractor by authorities in the country where the Scope of Supply will be installed in connection with any Site Services and/or in connection with the Contract itself, Purchaser shall reimburse Contractor all such amounts.
- 5.3 Where the Purchaser is obliged by applicable law to make a deduction from any payment due to the Contractor in relation to any such duties, taxes, assessments or charges, the Purchaser shall increase the payment to be made such that the net payment received by the Contractor is without any such deduction.
6. **Delivery / Risk of Loss / Delays:**
- 6.1 Contractor shall deliver the Goods according to the applicable Incoterms by the date specified in the Schedule. If no Incoterm is stipulated, delivery shall be Ex Works manufacturer plant as specified by Contractor. If no manufacturer plant is specified, then delivery shall be Ex Works Contractor's premises. In case the respective stipulated Incoterm obliges Contractor to perform any import formalities for the import into the country of delivery, Purchaser at its cost is obliged to support Contractor in any way reasonably required by Contractor. Any delay (other than a delay by Contractor) in completion of import formalities shall be an event entitling the Contractor to an extension of time and compensation of Costs according to Clause 6.6.
- 6.2 Transfer of risk of loss and damage to the Scope of Supply shall be in accordance with the stipulated Incoterm applicable at the date of Contractor's Offer. The inclusion of any Site Services within the Contractor's Scope of Supply shall not alter this transfer of risk of loss and damage and shall not create any assumption by Contractor of any form of care, custody and control over any Purchaser Scope and/or the Site.
- 6.3 Statements of packing, measurements and gross weight are an approximate guide and not binding on Contractor.
- 6.4 Contractor may deliver the Scope of Supply from multiple locations, including different countries and may use different types of transport. Partial deliveries and trans-shipments are allowed.
- 6.5 Upon delivery or the provision of any Scope of Supply, Purchaser will inspect the relevant Scope of Supply and promptly (but in no event more than seven (7) days) inform Contractor in writing of any Defect under Clause 8.1.1. Contractor will thereupon remedy any such omission or Defect upon Contractor's confirmation in writing. If Purchaser fails to accept any Scope of Supply when tendered at the point of delivery, Contractor may deliver the same to a bonded warehouse, at Purchaser's cost and risk, including insurance and storage costs, and shall be deemed to have fulfilled its delivery obligations under the Contract and be entitled to payment of any amounts contingent upon delivery. Except where an Acceptance Test is stipulated and governed by Clause 8.1 or 8.2 and where Purchaser has given written notice pursuant to the first sentence of this Clause 6.5, the Goods and documents included in the Scope of Supply shall be deemed accepted for all purposes at their respective delivery and Site Services shall be deemed accepted for all purposes at their respective completion, provided such acceptance shall not be with prejudice to Purchaser's warranty entitlements under Clause 8.1 or Clause 8.2.
- 6.6 In case of (i) any variation pursuant to Clause 2.1; (ii) any suspension; (iii) exceptionally adverse climatic conditions; (iv) unforeseeable shortages in the availability of personnel or goods attributable in whole or in part to Force Majeure; (v) any delay, disruption, impediment or prevention of Contractor or any breach of contract caused by or attributable in whole or in part to Purchaser (including third parties for whom it is responsible), or (vi) any other event or circumstance for which these Terms or the Contract gives Contractor an entitlement under this Clause, Contractor shall be entitled to payment by Purchaser of its additional Costs and to an extension of time for any delay incurred. Contractor shall give written notice to Purchaser of any event giving it an entitlement under this Clause within a reasonable time after becoming aware of the event.
- 6.7 If Contractor is more than fourteen (14) days late in delivering the Goods according to the applicable Incoterms for reasons attributable to the fault of Contractor (and not for any reasons attributable in whole or in part to Purchaser), Purchaser shall be entitled to liquidated damages (and not a penalty) in an amount equal to zero point one (0.1) % of the portion of the Contract Price attributable to the value of the delayed portion of the Goods for each full week (corresponding to seven (7) consecutive days) of delay up to an overall aggregate maximum delay liquidated damages of two (2) % of the Contract Price. Such liquidated damages shall not be due where Contractor has failed to deliver only minor portions of the Goods that do not delay completion of the Scope of Supply or where Purchaser has not incurred any resulting loss or damage. Payment of the liquidated damages shall constitute full and complete satisfaction of any claim of Purchaser, and Purchaser's sole and exclusive remedy, against Contractor arising from or in connection with any delay of the Contractor in connection with its Scope of Supply. Any and all other claims for delay or late performance, including any delay in meeting any intermediate or other dates or milestones, shall be excluded.
- 6.8 Each party shall be released from the performance of its obligations under the Contract to the extent such performance is delayed, disrupted, hindered or obstructed by Force Majeure. A party shall give written notice of the occurrence of any Force Majeure within fourteen (14) days of becoming aware of its occurrence. In case such Force Majeure delays should exceed three (3) months in the aggregate, each party shall be entitled, to terminate the Contract by notice with immediate effect. In case of such termination, Contractor shall be entitled to all payments then due but unpaid on the date of termination and to all costs and expenses incurred in respect of the following (i) performing the Contract to date; (ii) ceasing its obligations under the Contract; (iii) in contemplation of carrying out all of its obligations under the Contract; (iv) demobilization; and (v) cancelling any related subcontract (including reasonable cancellation fees), and in each case to the extent not covered by the Contract Price as paid to Contractor on the date of termination. Save for the obligations under Clause 9, neither party shall have upon termination of the Contract any other or further liability or obligation to the other party under or arising out of the Contract to the maximum extent permitted by applicable law.
7. **Ownership:**
- 7.1 Title in the Scope of Supply will transfer to Purchaser when Contractor has received payment of the Contract Price in full. This retention of title until payment in full shall not affect the passing of risk of loss or damage in the Scope of Supply pursuant to Clause 6.2. Until payment of the Contract Price is received in full, the Scope of Supply shall not be sold, pledged or otherwise encumbered or (unless otherwise specified in the payment terms) used for commercial production without Contractor's prior written consent. Breach of Purchaser's obligations under this Clause shall entitle Contractor to claim damages.
8. **Warranties:**
- 8.1 Warranties regarding Goods, Documentation and Site Services:
- 8.1.1 Subject to the provisions of this Clause 8.1 and Clause 8.3, the Contractor warrants that the Scope of Supply shall be free of Defects. This warranty shall expire on the last day of the Warranty Period.
- 8.1.2 Contractor shall be responsible for remedying any Defect under Clause 8.1.1 provided that Purchaser promptly gives detailed written notice to Contractor of the Defect and in any event within seven (7) days of discovery and before the end of the Warranty Period.

- 8.1.3 To the maximum extent permitted by applicable law, the Contractor shall have no liability for any form of Defect under Clause 8.1.1, latent or otherwise, for which it received written notification after the Warranty Period. For the avoidance of doubt, the warranty period of any Scope of Supply that has been rectified by the Contractor during the Warranty Period shall expire at the expiry of the Warranty Period.
- 8.1.4 Where Contractor is responsible for a Defect under Clause 8.1.1, Contractor shall investigate and rectify the same as soon as reasonably practicable (taking into consideration the nature of the Defect, lead-time for replacement parts, etc.). Rectification of a Defect under Clause 8.1.1 relating to Goods included in the Scope of Supply shall be by way of repair or replacement, at the Contractor's option, of the relevant part of the Goods that is defective. Rectification of a Defect under Clause 8.1.1 relating to services (including Site Services) and documentation included in the Scope of Supply shall be by way of re-performance by Contractor of the relevant part of the service or documentation that is defective. Contractor at its sole discretion shall be entitled to conduct at least three (3) attempts of remedial actions. Purchaser shall in each case give Contractor all necessary and safe access to and possession of the Site. Where Contractor fails to carry out its obligations within a reasonable time, Purchaser shall be entitled, upon giving not less than seven (7) days' prior written notice to that effect, to have the Defect in question rectified by a third party at the cost of Contractor, to the extent Contractor would have been responsible for such cost under Clause 8.1. Purchaser has reasonably mitigated its costs and Contractor has not commenced rectification within the noticed period and diligently pursued rectification thereafter. The Contractor shall have no responsibility for any such works performed by a third party. Any replacement parts shall be delivered according to the same delivery (Incoterms) terms as specified in the Contract. Purchaser shall be responsible for all labour, equipment, costs used or incurred in the disassembly, removal, transport, installation and commissioning of repaired or replaced defective parts. Contractor shall not be deemed to have breached any of its warranty obligations where it has rectified a Defect according to the foregoing.
- 8.1.5 Contractor's responsibility for any Defect under Clause 8.1.1 is subject to the condition that it is not caused by one or more of the following: (a) normal wear and tear of parts; (b) use of non-original spare parts; (c) use of feed, consumables or utilities not in strict conformity with the specifications stated in the Contract or in Contractor's written manuals; (d) any failure of upstream and/or downstream equipment; (e) modifications without Contractor's express prior written consent; (f) use of corrosive or abrasive substances; (g) the storage, handling, use, operation or maintenance of any Goods which is not in strict conformity with good engineering practice, the Contract or any written requirements of the Contractor, including any failure to comply with Contractor's written manuals and instructions and Purchaser's own quality assurance requirements; (h) information, services, personnel, equipment or other items supplied by or for Purchaser; (i) failure to permit Contractor to perform Acceptance Tests, supervision of installation and/or installation; and/or (j) other conditions or circumstances not due to the fault of Contractor (collectively, "Warranty Conditions").
- 8.1.6 If the Contract provides for Acceptance Tests for purposes other than those stipulated in Clause 8.2, such tests shall be performed to verify whether the Goods is free of material Defects under the warranty stated in Clause 8.1.1. In such case, these Acceptance Tests will be subject to the provisions of paragraphs 1, 2 and 4 of Annex A. Contractor's obligations in respect of these Acceptance Tests will be discharged in full and Purchaser shall be deemed for all purposes to have accepted the Scope of Supply upon the earliest of: (i) Purchaser takes the Goods into use; (ii) the Acceptance Tests have not been held or passed for reasons attributable in whole or in part to Purchaser within one (1) month from completion of commissioning, three (3) months from completion of installation or four (4) months from readiness of delivery of the main Goods, whichever is earliest; or (iii) a material Defect is identified during the tests and Contractor has rectified the Defect according to the provisions of Clause 8.1.4.
- 8.2 Process Warranties:
- 8.2.1 Subject to the provisions of this Clause 8.2, Clause 8.3 and Annex A, the Contractor warrants that the Goods will meet the Process Warranties (if any). This warranty expires when the Process Warranties are discharged according to paragraph 3 of Annex A.
- 8.2.2 Technical figures, data and other descriptions of any kind concerning or relating to the process, performance or functionality of the Scope of Supply, including its individual parts, which are not expressly and specifically labelled "Process Warranty" shall not constitute a Process Warranty as that term is used in these Terms. Such figures, data and descriptions shall be indicative only and non-binding.
- 8.2.3 All Process Warranties, if any, are subject to: i) a steady and constant stream of feed, materials and utilities in strict conformity with the specifications stated in the Contract; ii) the furnishing by Purchaser of trained, qualified and sufficient personnel as required by Contractor during the Acceptance Tests; iii) Contractor is given access to all operating and maintenance records and data and Purchaser undertakes all analyses of product, utilities and feed as required by Contractor in writing; iv) Contractor performs or technically directs the performance of the Acceptance Tests; v) any Warranty Conditions to the extent not stated in the foregoing; and vi) the conditions and other provisions of Annex A.
- 8.3 Disclaimer and Limitations:
- 8.3.1 To the fullest extent permitted by applicable law, (i) Contractor hereby excludes and disclaims all conditions, warranties, guarantees and representations that are not expressly set out in Clauses 8.1 and 8.2 above or which are implied, statutory, customary or otherwise and which, but for this exclusion and disclaimer, would or might subsist in favour of Purchaser, including any warranties as to fitness for purpose or merchantability; (ii) Purchaser's remedies as set forth in Clause 8.1.4 above and in paragraph 5 of Annex A shall be the Purchaser's sole and exclusive remedies in respect of any defect in the Scope of Supply, including any Defect covered by Clause 8.1 or any failure to achieve any Process Warranty covered by Clause 8.2; (iii) Contractor shall not be liable for any loss or damage, including any loss or damages described in Clause 10.5 below, caused by or resulting from any breach of warranty or any defect, including any Defect covered by Clause 8.1 or any failure to achieve any Process Warranty covered by Clause 8.2; (iv) Contractor shall not be liable for Contractor's subcontractors, other auxiliaries' or any third persons' actions or omissions; and (v) Contractor shall not be liable for information and advice unless explicitly stated in the Contract.
- 8.3.2 Purchaser declares and understands that it is fully aware of the disclaimers and limitations under these Terms and all limitations set forth or referenced in Contract, and will endeavour to seek out sufficient insurance coverage against any damages Purchaser may face.
9. **Confidentiality and IP:**
- 9.1 Purchaser shall treat all information, drawings and data of any kind made available or provided by Contractor under the Contract whether orally, electronically, in writing, visually (such as through site visits, tests or audits) or otherwise and regardless of whether marked "confidential" ("Confidential Information") as private and confidential. Purchaser shall not publish or disclose Confidential Information or any particulars thereof (except as may be necessary for the purposes of the Contract, including disclosure to its and its affiliates' officers, directors and employees, and/or as required by the rules of a public stock exchange or by applicable law), without the previous written consent of Contractor. Nothing in this Clause 9 shall prevent the publication or disclosure of any Confidential Information which either has come within the public domain otherwise than by breach of this provision or was already in the possession of Purchaser with a right to disclose and use such information.
- 9.2 Any disclosure for the purposes of the Contract shall be made against an undertaking of non-use and confidentiality from Purchaser on terms at least as stringent as set out in this Clause 9. In respect of any disclosure required by a stock exchange or by applicable law, Purchaser shall disclose only that portion of the Confidential Information it is legally required to disclose and to exercise all reasonable efforts to obtain confidential treatment for such Confidential Information.
- 9.3 The intellectual property rights in any Goods, document or other information given or made available (by visual inspection or otherwise) to Purchaser under the Contract or applied to and embodied in the Scope of Supply and the Site Services shall remain the exclusive property of Contractor (or its subcontractors).
- 9.4 Subject to payment in full by Purchaser of the Contract Price, Purchaser shall have a non-exclusive, non-transferable and royalty free license to use the intellectual property rights in the Scope of Supply and any Confidential Information provided by Contractor for the sole purpose of operating and maintaining the Goods provided under the Contract and strictly for the application and use set out in the Contract, subject at all times to subsisting third party rights and the obligation of confidentiality and the Contractor's receipt of payment in full of the Contract Price. The Purchaser may transfer the intellectual property rights in the Scope of Supply only together with the title in the Scope of Supply. Any Purchaser's breach of this Clause shall entitle Contractor to withdraw such license granting.
- 9.5 Contractor shall not be liable to Purchaser for the infringement of any intellectual property rights unless Contractor's design of the Goods is found by final court decision against Contractor to infringe an apparatus patent claim of a third party, provided that Contractor shall have no such obligation if the claim is based on or relates to: (i) the interconnection, combination or use of the Goods with equipment, services, systems or software not supplied by Contractor; (ii) specifications, including designs and instructions, prepared by the Purchaser or third parties on its behalf; (iii) modification of the Scope of Supply without Contractor's prior written consent; (iv) any process, method, product or by product process patent claim; (v) the use of the Scope of Supply as part of a Purchaser process, including any product thereby produced or processed; (vi) any patent issued outside the country where Contractor has its registered offices; or (vii) any patents owned or acquired by Purchaser or by any holding company and subsidiary of Purchaser. In case an exception applies, Purchaser shall be fully responsible for such claim and pay any costs incurred by Contractor.
10. **Remedies and Limitations of Liability:**
- 10.1 Reasons for Termination:
- 10.1.1 A party may terminate the Contract by giving written notice thereof to the other party if: (i) a provision of these Terms gives the party an express entitlement to terminate the Contract, (ii) the other party fails to perform any material obligation under the Contract and has not commenced a cure of the failure within thirty (30) days of receipt of written notice of such failure from the non-defaulting party and does not diligently pursue the cure thereafter, (iii) the other party becomes the subject of liquidation, bankruptcy or other insolvency proceedings, has a receiver appointed over any of its assets or undertakings, makes any arrangement or composition with its creditors, (excluding a scheme of arrangement as a solvent company for the purposes of amalgamation or reconstruction) or is the subject of any similar arrangement, event or proceedings.

ANNEX A

ACCEPTANCE TESTS AND PROCESS WARRANTIES

1. **Acceptance Tests / Conditions:**

If not otherwise stated in the Contract, Acceptance Tests will be conducted promptly after the Goods have been commissioned (except for measures that the Contractor determines do not impede the performance of the Acceptance Tests) and the Goods has, in the reasonable opinion of Contractor, achieved stable operation. Acceptance Tests shall be conducted with such trained and qualified personnel of Purchaser as are required by Contractor. In addition to any other obligations it has under the Contract, Purchaser shall ensure during the Acceptance Tests that (i) all feed and utilities conform strictly to the specifications of the Contract (or if no such specifications are stated, according to the Testing Protocol provided by Contractor pursuant to paragraph 2 below, (ii) all analyses of the feed, utilities and product are timely provided as required by the Contractor and (iii) that all upstream and downstream equipment from the Goods operates properly. Unless otherwise specified in the Contract or the Testing Protocol, the party that will be responsible for conducting the Acceptance Tests will give at least fourteen (14) days' advance written notice to the other of the period in which the Acceptance Tests shall commence. Where the Acceptance Tests are not supervised or conducted by Contractor, Purchaser shall allow Contractor to attend and witness the Acceptance Tests and Contractor shall be entitled to a copy of all related inspection reports and records.

2. **Testing Protocol:**

Except to the extent detailed in the Contract, the procedures and requirements for the Acceptance Tests shall be in accordance with Contractor's standard test procedures and requirements. These procedures and requirements, as adapted to the Scope of Supply and the Contract, shall be provided by Contractor to Purchaser in the form of a "Testing Protocol" latest thirty (30) days prior to the expected start of any Acceptance Tests. The Testing Protocol will specify, among other things, any pre-conditions, any Process Warranties not previously discharged and the subject of the Acceptance Tests, length of the relevant Acceptance Tests, measurement tolerances and the procedures and methods for conducting the Acceptance Tests.

3. **Plant Acceptance:**

The Process Warranties and Contractor's obligations in respect of any Acceptance Tests shall be discharged in full and Purchaser shall be deemed for all purposes to have accepted the Scope of Supply if any one or more of the following applies:

- (i) the Goods has on average performed in accordance with the Process Warranties or, if no Process Warranties have been given, no material Defects in the Goods have been identified during the Acceptance Tests; or
- (ii) any part of the Goods is taken into use by Purchaser prior to completion of the Acceptance Tests (provided that sale by Purchaser of product produced under Contractor's supervision according to the Testing Protocol shall not constitute such use for purposes of this provision); or
- (iii) the Goods have not passed the Acceptance Tests for reasons attributable in whole or in part to Purchaser within one (1) month from completion of commissioning, three (3) months from completion of installation or four (4) months from readiness of delivery of the main Goods, whichever is the earliest; or
- (iv) Contractor has paid any liquidated damages or price reduction as may be applicable to the Process Warranties under paragraph 5 below of this Annex.

4. **Acceptance Certificate:**

When the Scope of Supply (or section thereof, if applicable) is deemed to have passed the Acceptance Tests according to paragraph 3 above, Contractor shall submit to Purchaser and Purchaser shall immediately sign an acceptance certificate for the Scope of Supply ("Acceptance Certificate"). The Acceptance Certificate shall state the date when the Performance Tests were deemed to have been passed.

Purchaser shall not be entitled to delay or refuse to issue the Acceptance Certificate due to the existence of defects or omissions that do not adversely and materially affect the operation of the Goods; such defects and omissions shall be noted by Purchaser on the Acceptance Certificate and are to be completed by Contractor as soon as reasonably practical, but without in any way affecting the validity or effect of the Acceptance Certificate.

If Purchaser fails to issue the Acceptance Certificate within fourteen (14) days of when Purchaser is obliged to do so under this paragraph 4, Purchaser shall be nonetheless deemed to have issued the Acceptance Certificate effective as of the date when the Scope of Supply is deemed to have passed the Performance Tests under paragraph 3 above without any conditions or qualifications.

Purchaser may take the Scope of Supply (or relevant section) into use only after issuance of an Acceptance Certificate. On the issuance or deemed issuance of the Acceptance Certificate, Purchaser shall perform all its obligations, including payment, which then become due.

5. **Failure to pass the Acceptance Tests:**

If during the Acceptance Tests the Goods fail to achieve the Process Warranties, Contractor shall as soon as possible investigate the reasons for such failure and inform Purchaser of the results of its investigation. Purchaser shall, at its cost, fully co-operate with Contractor in such investigation and shall provide Contractor with all access, resources, information and documentation required by Contractor to determine the cause of the failure. If it is determined that the cause of such failure is due to reasons attributable to the fault of the Contractor (and not to any fault attributable in whole or in part to the Purchaser), Contractor shall without delay and at its own cost undertake all reasonable actions to remedy the cause of the failure and, unless the failure was insignificant, the relevant part of the Acceptance Tests shall be repeated.

If, notwithstanding such efforts, the Goods still fail to pass one (1) or more repeats of the relevant part of the Acceptance Tests, for reasons attributable to the fault of the Contractor (and not to any fault attributable in whole or in part to the Purchaser), Contractor may, after consultation with Purchaser and after at least three (3) attempts to remedy the failure, elect either to carry out further remedial actions or to pay as liquidated damages (and not as a penalty) the applicable Process Warranty liquidated damages as may be specified in the Contract (provided that if no liquidated damages are specified, the parties shall agree on a reduction in the Contract Price). The price reduction shall reflect the difference between the fair market value of the Goods as sold and the fair market value of the Goods as delivered, installed and commissioned. The payment of liquidated damages or, as the case may be, an agreed price reduction shall be Purchaser's sole and exclusive remedy for any failure of the Goods to achieve the Process Warranties and other criteria applicable to the Acceptance Tests. The amount of all payments or price reductions shall not, in any event, exceed in the aggregate five (5) % of the Contract Price (or in case the Scope of Supply is comprised of different sections, the portion of the Contract Price attributable to the section failing the test).

If the Contractor is prevented, for more than fourteen (14) days, from carrying out an Acceptance Test or an Acceptance Test fails to pass in each case for reasons attributable in whole or in part to the Purchaser, the Acceptance Tests shall be deemed passed and Contractor shall be entitled to payment by Purchaser for its additional Contractor costs.

6. **Delay in Acceptance:**

If the Acceptance Tests are delayed or prolonged due to reasons not attributable in whole or in part to Contractor, Contractor shall be entitled to payment by Purchaser for its additional Costs.

7. **Sections:**

Where stipulated in the Contract or as reasonably requested by Contractor, the Scope of Supply will be tested in sections, in which case the provisions of this Annex A shall apply to each section.
